CARABINERS / CONNECTORS

GUIDE SCREW SLEEVE

ALUMINUM ALLOY | SCREW SLEEVE

Aluminum carabiner light and high load, with screw sleeve and Keylock system. The D shape transfers the majority of the load on the main axis of the carabiner, which is the most resistant. The asymmetric shape is also ideal for belay systems. The screw sleeve allows to have a safer closing of the gate, and also makes it suitable for professional use. Usefull for use during bolt belay.

Key Features:
- Heavy load
- Keylock System
- High quality product completely developed and manufactured in Italy
- Tested piece by piece

Recommended for

Sport: Activities
Caving, Mountaineering, Climbing, Snow & ice

Professional: Work activities
Scaffolding and trestels, Confined spaces, Treeclimbing/arboriculture, Roof and inclined planes, Ladders and elevating platforms

Professional: Rescue activities
Firebrigades and civil protection, Tactical
