

## CARABINERS / CONNECTORS

### X-LARGE C STEEL TWIST LOCK

**CARBON STEEL | AUTO BLOCK SLEEVE | WIDE OPENING**

Carbon steel carabiner with Twist Lock sleeve. The X-Large is designed to offer a wide gate opening and a high tensile strength. The particular D shape prevents the rotation of the carabiner and allows to distribute the load along the major axis.

Equipped with Keylock system that prevents any snagging on the rope and in the bolts.

Fitted with Twist Lock sleeve, easy to open even wearing gloves.

2 movements sleeve: to open the connector it is necessary to turn the sleeve and pull the gate.

Special burnished finishing that allows a greater visibility of the laser marking.

High quality product completely developed and produced in Italy.

Tested piece by piece.

\*Testing done on this device satisfy the performances requirements posed by NFPA1983:2017

#### Recommended for

##### Professional: Work activities

Scaffolding and trestels, Metal structures, Confined spaces, Treeclimbing/arbiculture, Roof and inclined planes, Rope Access, Ladders and elevating platforms
