

ANCHORAGE

BIGRIG

NEW

Multiple connection plate, allowing simultaneous connection of up to 6 users.

Added to Kong's family of multi-anchor plates, while offering all its unique features.

The main function is to accommodate a work or rescue winch and - through special adapters – it can be mounted on the most common scaffolding tubes with diameters from 48 to 50 mm, on the 4D POLE and on the CEVEDALE BASE tripod.

"Textile Friendly" chamfered holes allow direct connection to textile devices.

Certified in accordance with RfU CNB/P/11.114, and tested in accordance with EN 795:2012/A and CEN/TS16415:13A.

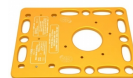

Highest quality, completely produced in Italy.

New 2020

Recommended for
