

## DESCENDERS

### GHOST

DESCENDER | BELAYER | HOT FORGED

Ghost descender is a multiuse device. It can be used both with one or two ropes from 7,5 to 10,5 mm diameter. It allows dynamic belay to the leader and self-locking belay to the second (independent if the seconds are two). It works very well for rappelling. It allows lowering and lifting manoeuvres simply rotating the device. It is recommended the use of HMS connectors.
