ERGO ANNIVERSARY QUICKDRAW

The Ergo Anniversary quickdraw is a new edition that celebrates Kong's 40 years (1977-2017).

The set is composed of 5 vivid colours that not only recall the pop style of those years, they also make it really easy to give beta once they're placed on a route.

Equipped with two super strong Ergo connectors with a great handling shape, a generous size that's easy to clip and a Keylock nose.

The Dyneema sling is 13mm by 12cm, with the new ultra-resistant Fast Rubber made of silicone.

Highest quality product completely developed and produced in Italy and tested piece by piece - meaning every single carabiner is pull-tested!
