NEW

Ultra-light rope bag.
 It can be used alone or as an accessory bag to fit into a bigger backpack.
 It can hold up to 60m of 11mm diameter rope.
 Equipped with handy loops for tying-in the rope ends.
 The upper opening features a rigid cable that holds it in the open position, making it easy to feed rope in and out of the bag.
 Writeable label for quick owner identification.

Recommended for

Sport: Activities

Caving, Mountaineering, Climbing, Canyoning, Snow & ice
