

WINCHES, POLES AND TRIPODS

CEVEDALE BASE

NEW

CIVIL USE TRIPOD | MOBILE ANCHOR POINT

Cevedale Base is an anchor point certified CE EN 795/B which allows to descend safely in manholes and other confined spaces where there is no other possibilities of anchoring.

Cevedale Base is made with tubes of aluminium alloy, assembled with stainless steel screws.

Light and compact, it can be carried on one's backs.

Together with its fittings it weighs about 14 kg; during transportation, closed in the strong PVC bag, its size is 130x45x30 cm.

The telescopic legs (3 positions for a total height from 160 to 200 cm) are equipped with anti-slip supports which allow a wide opening and a perfect standing on any uneven and inclined ground.

Supplied with n° 1 OVALONE CARBON screw sleeve connector.

High quality product, made in Italy!
