

WINCHES, POLES AND TRIPODS

ORTLES

TWO-SPEED WINCH

The revolutionary ORTLES WINCH, nowadays a must in Europe rescue operations involving lowering and lifting. It is fitted with a two-speed and Self-Tailing winch actuated by two handles. It is possible to change winding speed (and power) easily and without delaying the rescue operation. Light and compact, it can be quickly disassembled for transport in its PVC bag. Using its stands ORTLES can be fixed easily to the ground, rocks, or ice in horizontal or vertical position. ORTLES can be fixed either onto the stand or onto the STELVIO by two screw pins. ORTLES can be used with knotted ropes.

High quality product, made in Italy!
