

HARNESSES

INDIANA

UNI SIZE HARNESS | FOR KIDS AND ADULTS

Harness for mountaineering, climbing, via ferrata and adventure parks.

Lightweight, with 3 adjustable straps for waist and legs providing a fully adjustable universal fit.

Due to its continuous webbing, the size is adaptable to both adults and children aged 12 years and over.

Equipped with a wide lateral gear loop.

The protective seat of the Target Canyon can be attached to create a basic canyoning harness

Made in Italy!
